

# COACHING PROFESSIONAL LEVEL 5

APPRENTICESHIP STANDARD

## Coaching Professional Level 5

Option to include Level 5 Certificate in Effective Coaching and Mentoring

Duration: 10 months + EPA

### Workshop modules

- Coaching within Leadership
- Self-Awareness and Motivation
- Coaching Behaviours and Individual Values
- Coaching Models and Goal Setting
- Coaching Needs Analyses, Coaching Progress
- Coaching Models, Tools and Techniques
- Executive and Peer Coaching
- Relationship Engagement and Evaluation
- Organisational Coaching Culture, Legislation, Data Protection

## End Point Assessment

### Knowledge Test

Apprentices will be given 90 minutes to answer 40 multiple-choice questions. This test is completed online.

### Observation with Q&A

Apprentices will be observed carrying out two, 1 hour coaching sessions with different individuals, followed by a 20-minute question-and-answer session.

### Interview Supported by Portfolio of Evidence

Apprentices will be interviewed by an Independent End-Point Assessor for 60 minutes, using a minimum of 9 questions. The apprentice can refer to the Portfolio of Evidence during this interview.

## Maths, English and Functional Skills within the Apprenticeship

All apprentices have the opportunity to develop English and maths skills as part of their apprenticeship and will need to develop skills sufficient for competence in their chosen apprenticeship standard.

---

A 16-18 year old must complete functional skills qualifications if they do not hold existing qualifications.

---

An individual aged 19 or over that does not hold existing qualifications, should decide with their employer if they would like to achieve functional skills but these would not be needed to achieve their programme.
